How it works:

• STEP 1

Take your prescription and your **Livingston County Prescription Drug Discount Card** to your pharmacy. Almost all pharmacies participate in the program, and most prescriptions are covered.

• STEP 2

The pharmacist will then fill your prescription and charge you the discounted price. Without this discount, you will have to pay full cost. The price you pay may vary from pharmacy to pharmacy and from drug to drug.

• STEP 3

Be sure to show your card for refills.
