

## **FOR IMMEDIATE RELEASE**

### **Livingston County Swine Flu Case Results**

HOWELL, Michigan. – April 29, 2009 (Livingston County Department of Public Health) -

The Centers for Disease Control and Prevention today confirmed swine influenza A (H1N1) in a 34-year-old woman in Livingston County.

**ALL MEDIA INQUIRIES ARE BEING HANDLED BY THE JOINT INFORMATION CENTER  
AT 888-363-8632.**

The woman, who recently traveled to the Texas and Mexican border, experienced flu-like symptoms and is recovering at home. There has been no contact with school age children or school personnel. All appropriate measures have been taken at this time.

The Livingston County Health Department is closely monitoring health trends in Livingston County for evidence of a wider outbreak and is receiving frequent updates from the CDC, and is working with Michigan Department of Community Health to monitor the situation and immediately follow up on any suspected cases. The Health Department is also remaining in frequent contact with physicians. The agency is disseminating information through the Swine Flu hotline and its website ([www.lchd.org](http://www.lchd.org)) to address public questions and concerns.

For more information call the Health Department at (517) 546-9850 or visit our website @ [www.lchd.org](http://www.lchd.org).
