

FOR IMMEDIATE RELEASE

Free H1N1 Vaccinations Clinics Offered in February

HOWELL, Michigan (February 5, 2010) Even though reports of H1N1 illness are currently down, the Livingston County Department of Public Health (LCDPH) still encourages all Livingston County residents over the age of 6 months to get their flu shot. We are entering the peak of the flu season and the H1N1 virus remains the main cause of flu throughout the country.

Students, staff, families, friends and children needing their 2nd dose of the H1N1 vaccine are encouraged to attend any one of the free community clinics LCDPH will offer in February. No appointments are needed. For other dates and locations, please call (517) 552-6777.
